## SCRAP ACCEPTANCE POLICY

In order to maintain an environmentally friendly, safe and efficient operation here at Recon Metal, there are certain materials we cannot accept.

Please be sure that your scrap loads do **NOT** contain any of the following materials:

1. Combustible or explosive materials.
2. Paint cans or aerosol containers unless opened, empty and cleaned.
3. Gasoline, diesel, propane or other petroleum products or containers unless they are punctured and fully drained.
4. Oil cans, oil filters and undrained oil pans still on motor blocks. This includes hydraulic fluids, gear oils and grease. Hydraulic equipment must have hydraulic hoses removed and cylinders cut open and drained.
5. Drums of any size without proper empty container certification.
6. Closed containers or compressed cylinders and tanks unless valve removed or punctured.
7. Cans that contained paint, water sealer, pesticides or other toxic chemicals.
8. Asbestos or asbestos containing materials such as pipe or I-beam insulation, break shoes or pads, and other structural demolition debris.
9. Air conditioning and refrigeration units containing chlorofluorocarbons (CFC's & HCFC's).
10. Materials such as capacitors, ballasts and transformers containing Polychlorinated biphenyls (PCB's).
11. Automobiles with air bags containing sodium azide.
12. Lead containing materials, unless approved in advance (i.e. lead acid batteries).
13. Batteries that are cracked, broken, burned or have missing caps.
14. Fluorescent, neon, or mercury vapor lights and related fixtures.
15. Cathode ray tubes (CRTs) and liquid crystal displays (LCDs), or any commodity containing a CRT or LCD, such as computer monitors, laptop screens, and televisions.
16. Radioactive material of any kind.
17. Any material containing hazardous or toxic substances, materials, or wastes.
18. Free flowing fluids of any kind including water.
19. Dirt, debris, trash or waste of any kind (Tires, wood, dirt, yard debris, concrete, asphalt, glass, rubber, or other non-metallic materials).
20. Munitions scrap.
21. Appliances must have all fluids drained, CFC's/HCFC's properly evacuated and electrical components (capacitors, mercury switches) and compressors removed. We accept compressors only if drained of all fluids.
